

MAY STRIKE ON HARRIMAN LINES

Boilermakers May All Be Called Out if Advance in Wages Is Not Granted.

THIS REPORT AT CLEVELAND

Officers of Union Inaccessible and Harriman Says He Knows Nothing About It.

CLEVELAND, OHIO, March 19.—A meeting of the executive board of the International Boilermakers and Iron Shipbuilders was held at Lorain, Ohio, this afternoon, and after the meeting a report gained currency that the commission had issued an ultimatum to E. H. Harriman and associates of the Harriman lines. The parties to the conference to-day were C. F. Dunn, Kansas City, president; J. A. Franklin, Kansas City, first vice-president; Louis Woyand, Cleveland, second vice-president; J. J. Galvin, Indianapolis, third vice-president; E. H. Grant, Sparks, Nev., J. H. Doherty, Chicago, James Spear, Boston, and William Kellas, New Haven, Conn. President Dunn was quoted as saying that a strike of boilermakers on the Harriman lines would be called within forty-eight hours in the event favorable action is not taken on the pending demands made some time ago by employees of the Chicago and Alton Railroad. The members of the executive committee which met at Lorain, where a strike is in progress at the shipyards, left that city to-night for Cleveland, according to reports, and it has been impossible so far to obtain an authorized statement from any of them.

Harriman Knows Nothing. NEW YORK, March 19.—So far as could be learned in this city to-night no formal demand has been made by the boilermakers of the Chicago and Alton upon the executive officers of that railroad. H. Harriman was informed at his home to-night of the reported action of the executive board of the International Brotherhood of Boilermakers and Iron Shipbuilders at Cleveland to-day, but said that he had before "heard nothing about it." He would not comment on the situation.

STRIKE OF 1,200 MEN FOR HIGHER WAGES

Employees of Republic Iron and Steel Company Go Out, Tying Up the Plant.

HAMMOND, IND., March 19.—All the employees in the mills of the Republic Iron and Steel Company, at East Chicago, struck to-day for higher wages, 1,200 men walking out and completely tying up the establishment. This afternoon 800 men employed by the Interstate Steel Company struck for an advance of twenty-five cents a day. The greater part of the men who went out are laborers, but the strike has practically tied up the plant.

No disorder has occurred as yet, but the mills are guarded by a number of special police.

Ship-Fitters Go Out. LORAIN, OHIO, March 19.—The Lorain plant of the American Shipbuilding Company was closed down in practically all departments to-day. About 1,800 employees are now idle.

Strike at Buffalo. BUFFALO, N. Y., March 19.—About 300 men employed in the plant of the American Shipbuilding Company, in this city, struck this afternoon.

Engineers Reject Offer. CHICAGO, March 19.—Train engineers and conductors on all railroads west of Chicago have rejected the recent offer of the general managers of the system for an increase in wages, according to information that has reached the Record-Herald. The official canvass of the referendum, vote which has been in progress for a fortnight, will begin to-morrow. It is said that the trainmen have voted to strike if their demands are not granted. Unless the railroad managers offer further concessions a strike of fifty thousand men is likely to result.

SOCIETY LEADERS ARE HEAVY LOSERS

Aggregate Losses in the Recent Slump Said to Be \$20,000,000. Saved by Ryan.

[Special to The Times-Dispatch.] NEW YORK, March 19.—That members of the "490" have been caught heavily in the slump of stock values was stated to-day at the Wall Street district upon good authority. The aggregate losses of a group of young society men and women has been conservatively placed at \$20,000,000. A society leader is said to have been almost "broke" in last Thursday's crash. He has since sold his new automobile to get ready cash, and only to-day is reported to have put his Tuxedo villa on the market. The rush into the market of Thomas F. Ryan is said to have been principally to save from absolute loss this first named speculative. That he was successful is said to have been accomplished only by rapid manipulation of large blocks of Interborough and Consolidated Gas.

RISING BREAST

No woman who uses "Mother's Friend" need fear the suffering and danger incident to birth; for it robs the ordeal of its horror and insures safety to life of mother and child, and leaves her in a condition more favorable to speedy recovery. The child is also healthy, strong and good natured. Our book "Motherhood," is worth its weight in gold to every woman, and will be sent free in plain envelope by addressing application to Bradfield Regulator Co., Atlanta, Ga.

BRING GOOD HEALTH

Dr. Williams' Pink Pills, Used After the Grip, Arrest Fatal Decline and Rebuild the System.

Any bodily weakness caused by a deficiency in the blood can be cured by the use of Dr. Williams' Pink Pills, because these pills actually make new blood. After attacks of the grip the blood is generally run down and the patient continues to decline. "About three years ago," says Mrs. Jennie Cowan, of 718 North Henry Street, West Bay City, Mich., "I caught a severe cold, which ran into the grip. I was confined to my bed for two weeks. At the end of that time I was able to be about, but was completely run down. I was so weak I could hardly stand. My cheeks had no color and I felt faint. My heart would flutter, and it was difficult for me to breathe at times. Neuralgia settled in the back of my head and stomach, and suffered from rheumatism in my shoulders. "I had the care of the best doctor in town, but became no better until a friend told me one day how she had been cured by Dr. Williams' Pink Pills, and I decided to try them. I soon felt better, and continued using them until I was entirely cured. They built me up again to perfect health, and I use them now whenever I feel at all sick, and they always help me."

Dr. Williams' Pink Pills are invaluable in such cases, as well as in other blood diseases, because they not only drive off the germs of the disease, but build up the system. The pills have cured anemia, rheumatism, after-effects of fever, neuralgia and many other severe disorders.

Dr. Williams' Pink Pills are sold by all druggists, or sent, postpaid, on receipt of price, 50 cents per box, six boxes \$2.50, by Dr. Williams Medicine Company, Schenectady, N. Y.

WANTS BETTER LAWS TO DEAL WITH GAMBLERS

District Attorney Jerome Writes Senator Agnew His Views on Subject.

NEW YORK, March 19.—District Attorney Jerome to-day sent a letter to Senator George B. Agnew, to be read before the Committee on Codes of the Legislature in Albany to-morrow. In it Mr. Jerome regrets that he is unable to be present at the hearings upon the bills designed to prevent gambling upon the race-tracks of the State, and sets forth his position regarding these measures. He declares that the so-called Percy-Gray law and the present form of section 161 of the Penal Code do not present an honest effort to carry into effect the provision of the State Constitution concerning gambling. He adds:

"The bills you have introduced embody an honest effort to carry out this provision of the Constitution, and would, I believe, if enacted into law, be effective to this end. If nothing else is done, at least some 351 of the Penal Code should be so amended as to make its violation a misdemeanor. This would give a district attorney a chance to get some violators of the law out of prison in a short time. Fines are only an indirect system of license, and the present minimum imprisonment of one year in a State prison, the offense being a felony, is so severe a punishment that courts will not inflict imprisonment and public opinion would not support them in giving a mere card-hanger in a poolroom a sentence of one year in a State prison."

LEAVE FOR NORTH

Delegation Goes to Inspect Stuart Monument.

Congressman John Lamar, Judge Theodore S. Garrett and Major F. T. Sutton left at noon yesterday for Providence, R. I., where they will inspect the Stuart monument, statue of General J. E. B. Stuart, which has just been cast at the plant of the Gorham Manufacturing Company. If the statue proves satisfactory it will be shipped to Richmond in the course of a few days, and almost immediately put into position on the handsome pedestal at the intersection of Monument Avenue and Lombard Street. The unveiling of the Stuart Monument will take place on May 30th, and will constitute the initial feature of the Confederate program mapped out for the Confederate Reunion. This will not only be the opening of the Confederate Reunion, but will also be the annual Memorial Day and a legal holiday. It is anticipated, therefore, that a great parade and a large gathering of veterans will mark the unveiling. Judge Garrett will be the orator of the occasion, and the exercises will be under the auspices of the Veterans Cavalry Association of Virginia, which will have charge of the parade and other ceremonies.

RECOVER ON BOND

Counsel for Bay Shore Co. Petitions That Suit Be Brought.

[Special to The Times-Dispatch.] NORFOLK, Va., March 19.—J. E. Cole, counsel for the Old Bay Shore Railway Company, to-day petitioned Federal Judge W. C. Coker to instruct the jury in the case of the Bay Shore Railway Company, which has not yet been discharged, to bring suit to recover on the \$200,000 bond required of P. D. Zell, when his car seeking to prevent the delivery of the Bay Shore road to E. B. Smith, of Philadelphia, appealed the case to the Supreme Court of the United States. The bond was given with a Scram-Pan, Pa., trust company as surety. It having been required to cover any damage that might accrue by reason of the delay in the delivery of the property to the purchaser. The present step is to recover \$40,000 claimed in damages by reason of losses to the bondholders the old company in the form of dividends, which had to go in the payment of interest on the bonds. The court directed that proper notice be given to all parties concerned before it acted on the motion.

And many other painful and serious ailments from which most mothers suffer, can be avoided by the use of "Mother's Friend." This great remedy is a God-send to women, carrying them through their most critical ordeal with safety and no pain. No woman who uses "Mother's Friend" need fear the suffering and danger incident to birth; for it robs the ordeal of its horror and insures safety to life of mother and child, and leaves her in a condition more favorable to speedy recovery. The child is also healthy, strong and good natured. Our book "Motherhood," is worth its weight in gold to every woman, and will be sent free in plain envelope by addressing application to Bradfield Regulator Co., Atlanta, Ga.

NICARAGUANS TO LOOT CITIES

Proclamations Found on Soldiers Captured by Hondurans on Border So Declare.

SALVADOR LANDS TROOPS

All Doubt of Her Attitude in the Present War Removed by Recent Action.

WASHINGTON, March 19.—Dispatches received by the State Department indicate that Nicaraguan warships are threatening the entire north coast of Honduras, and keeping the towns on that coast in an unsettled condition. Philip R. Brown, the secretary to the American mission to Guatemala and Honduras, advised the State Department to-day that he has dispatches from the American consul at Celba indicating that conditions are much disturbed there. Similar reports have been received from other points in the north coast of Honduras, and have given rise to the opinion that Nicaragua plans to harass all the Honduran coast.

PUERTO CORTEZ, HONDURAS, March 19.—(Via New Orleans, March 19).—Proclamations found on the soldiers of Nicaragua captured near the frontier by the troops of Honduras are as follows:

"We will plant our flags in Tegucigalpa and at Salvador, and punish the criminals and traitors who have been rewarded by looting the first cities of Honduras and Salvador captured by Nicaragua. "We will destroy the hegemony of Salvador. In Central America, wash out foul affront from Salvador to General Talavera and revenge invasion of Malispin on first cities of Salvador. Another force of about 2,000 men, under General Meza crossed the frontier of Salvador, arrived at Puerto Cortez, Honduras, four days out, reports that within two weeks the Honduran government has drafted practically all the men at that place, and as a result, the fruit ships have been able to obtain only small cargoes. When the Mercator left Puerto Cortez, what men were left, aided by some of the women, were throwing up entrenchments to protect the place from a threatened attack by the Nicaraguan navy.

FLAMES DESTROY NEWSPAPER OFFICE

AUGUSTA, GA., March 19.—At 3:10 this morning fire broke out in the building occupied by the Augusta Chronicle and the Western Union Telegraph Company.

The office of the Augusta Chronicle was ruined, and the main office of the Western Union Telegraph Company and the Union City Ticket Office were destroyed. Eight linotype machines in the Chronicle office were wrecked, and the presses of the paper are badly damaged. The loss to the Chronicle is \$75,000 to \$100,000, with partial insurance. The fire started in the Chronicle job office, owned by Murphy and Billings, in the rear of the Chronicle building. The fire was under control at 8 o'clock. The Chronicle was able to print a four-page paper from the Herald office at 10 o'clock.

GIRL ACCOMPANIES BODY OF SWEETHEART

The body of Harry H. Rogers, of Denver, Col., who died in this city Sunday night after a sudden and brief illness, was shipped to his home for interment at the request of the family of the young man and of her own mother, who is in Denver, Miss Sadie Voss, of Newport News, Va., to whom the young man was engaged, accompanied by a young woman who was positively during the last two days that he could produce the missing boy, but not before Dr. Marvin came to Drie from Delaware. It developed that the New York woman had separated recently from her husband and came here pending proceedings for a divorce. Her little boy closely resembles the Marvin lad.

LAD THAT IS FOUND NOT THE MARVIN BOY

ERIE, PA., March 19.—At 1:30 o'clock this morning the Associated Press was informed that the kidnapped son of Dr. Horace N. Marvin, of Kitts-Hammock, Delaware, was not in this city or vicinity. It was stated that all the clues had been thoroughly investigated without success. The night before a clue proved to be the presence in this city of a woman from Fredonia, N. Y., accompanied by a young son who closely resembles the description of young Marvin. This clue was covered by Attorney P. Howard, who was positive during the last two days that he could produce the missing boy, but not before Dr. Marvin came to Drie from Delaware. It developed that the New York woman had separated recently from her husband and came here pending proceedings for a divorce. Her little boy closely resembles the Marvin lad.
